BUCKEYE DEMOCRACY.

Preliminaries to the Big Convention Executed With Dispatch.

ALL NOW READY FOR THE OPENING.

Result of the District Caucuses and Committee Meetings, the Candidates and the Platform. Scenes at Columbus.

Columbus, O., July 9.—The Ohio Democratic convention will be called to order in Columbus auditorium at 10 a. m. Wednesday. Prominent party leaders and 950 delegates will be in attendance, a state ticket will be named and the principles of the party enunciated. Hon. Charles P. Salen of Cleveland, will preside temporarily and deliver the keynote.

Delegates and visitors have been arriving in the city since Sunday, and by noon Tuesday all were on hand for the district caucuses, which were called to order in the State House at 4 p. m. A meeting of the state central committee was also held at 2 p. m. at the Great Southern hotel, and at 7 p.

CHARLES P. SALIN, Temporary Chairman of Convention. m. the new central committee met at the same place for organization.

At 7 p. m. the various committees chosen at the district caucuses were in conference at the Southern.

Interest centered in the meeting of the committee on resolutions, which labored far into the night drafting the declaration of principles. At the conclusion of the meeting it was said that a conservative platform had been framed, one that will bring all Democrats into the fold.

Speculation is rife as to the probable make up of the state ticket. It is generally believed that Colonel James Kilbourne will be nominated by acclamation. Strenuous effort is being made to induce John L. Zimmerman of Springfield to accept second place, but Zimmerman says he is out for governor or nothing. Wise ones forecast the ticket as follows:

Governor, James Kilbourne, of Franklin; lieutenant governor, Anthony Howells, of Stark; clerk supreme court, Justus D. Smoots, of Knox; attorney general, H. A. Mykantz, of Ashland, or M. B. McCarthy, of Lucas; state board of public works, Fred Leete, of Lawrence, or J. B. Holman, of Brown; judge supreme court, Joseph Hidy, of Fayette; state treasurer, R. Page Aleshire, of Gallia, or J. H. Morris, of Mahoning. Colonel Kilbourne announced that Hon. M. A. Daugherty, of Lancaster, would present his name to the convention, that the seconding speech would be made by Judge Allen Smalley, of Upper Sandusky, and that ex-Mayor Black, of Columbus, would second his nomination on behalf of the Democrats of Franklin county.

The candidacy of Hon. Frank S. Monnett for attorney general is meeting with determined opposition.

Four contests were determined by the committee on resolutions, these coming from Montgomery, Butler, Union and Portage. Dowling's followers were triumphant in the Montgomery dispute.

Henley Hot at Pennsylvanians.

London, July 9.—Both the American and British have been congratulating themselves on the fact that the Henley regatta passed off without international friction of any kind. The congratulations were premature. Friday night the Leanders gave a dinner to the Pennsylvanians. The British said they had never met better nor more sportsmanlike crew. The Pennsylvanians replied that they had never been more fairly and squarely beaten. The speeches were all of this tenor till one of the American crew said he wished to say that their treatment with Henley was splendid. They had found all the agreements in regard to the race perfectly fair, "contrary to what they had been told." The British oarsmen were dumbfounded and did not answer while the Pennsylvanians were there, but the storm broke out immediately they had departed and still continues. The Leanders are bitterly indignant.

CRAZY MAN'S DEEDS.

Fatally Stabs and Slashes an Aged Woman and a Girl.

Denver, July 9.—Mrs. Ammonia A. Bullis, 60 years of age, was stabbed to death Monday night on a highway on the outskirts of the city. Jessie Kinport, aged 14, was assaulted and terribly mutilated with a knife at her home and may die of her wounds. Carl Jensen, alias Johnson, aged 25, who is in custody, has confessed both crimes. He is believed to be crazy.

Jessie Kinport was assaulted during her mother's absence. The authorities were notified, but not before Chris Jensen had been brought to the station, by Policeman Lambert, who had arrested him on the outskirts of the city. Lambert came upon Jensen about a mile and a half from the scene of the assault. As Lambert approached, Jensen whipped out a knife and shouted to the officer that he would not be taken to jail. Lambert disarmed Jensen and brought him to the station. On the way he repeatedly spoke of having been compelled to defend himself from a woman, saying that he had cut her up pretty badly. The knife he had threatened the officer with was covered with blood. Shortly after Jensen was locked up the police department was notified of the assault upon the Kinport girl. The police are sure that Jensen is the guilty person and that he committed numerous assaults made upon women of late. They believe he is demented. The victim of the latest assault is in a critical condition.

In the course of his examination at police headquarters, Jensen confessed that he had assaulted Jessie Kinport, and also said that he stabbed another woman about the same time near the end of the University park car line. Later the dead body of Mrs. Ammonia A. Bullis, 60, was found at the place described by Jensen. She had been stabbed in the breast and the blade of the knife had penetrated her heart, causing sudden death. The body lay in the roadway and there was no evidence of a struggle. Jensen said the woman "was after him," and so he stabbed her. Mrs. Bullis lived on a ranch near the city.

Beer Demonstration.

Paris, July 9.—A manifesto in favor of the Boers will be posted on the walls of the Latin quarter in Paris in view of the celebration of the national fete on July 14. This poster is signed by students of Paris and "Transvaal volunteers." It proposes to hold a meeting where a procession will be formed which will march toward the grand boulevards. This is signed by M. Castanle, president of the Transvaal volunteers. In an interview M. Castanle said that to indicate the indignation felt at the conduct of the English in South Africa, it was necessary to begin boycotts against English products and establishments selling English goods, to ask restaurant and hotels to bar English people and to encourage privateers.

British Soldier's Confession.

Kansas City, July 9.—Alfred Thomas Gamage, a sergeant in the British army, formerly stationed at Hamilton, Scotland, is under arrest here on a charge of stealing \$500 from the crown. Gamage, who had gone under the alias of Sidney Thomas of Hamilton, Lanarkshire, Scotland, was arrested at the instance of Frank Stanley Young, British vice consul in Kansas City, to whom he had voluntarily surrendered and confessed to stealing the money, deserting from the army and fleeing to America. Gamage's fall was a result of a dis-appointment in love, he said, and he wished now to make reparation.

Dangerous Blaze.

Chicago, July 9.—Two frame buildings at 8712-8714 Commercial avenue were totally destroyed by fire and 12 people barely escaped with their lives. The down stair portion of the buildings were used as stores, while two families of Poles lived in the upper rooms. All the occupants of the buildings were overcome by the smoke and heat. Three policemen who discovered the fire, managed to break through the door and succeeded in carrying the occupants to places of safety. One of the occupants of the building was probably fatally burned. The financial loss was small.

Troops and Workmen Clash.

Seville, Spain, July 9.—There was a serious conflict in a street here between workmen and gendarmes. Owing to the refusal of groups of the former to disperse, the gendarmes arrested a workman. The latter's comrades thereupon began digging up cobblestones and threw them at the police, injuring five of them. The gendarmes then charged, shots were exchanged and several persons were hit. Women actively participated in the disturbance. The prefect, who intervened, was stoned. Finally a force of cavalry dispersed the rioters.

Ill health prompted Frederick D. White, 42, only son of Ambassador White, to commit suicide, at Syracuse.

WHITE TO STEP DOWN

As United States Ambassador to the Imperial Court at Berlin.

MUCH AFFECTED BY HIS SON'S DEATH

H. Clay Evans, ex-Secretary Dawes as Comptroller of the Currency. Secretary Hay Returns. Washington News.

Berlin, July 9.—Although the United States ambassador, Andrew D. White, quite recently denied that he intends to resign, it is now learned from a close personal friend of Mr. White that he will resign next year, upon reaching his seventieth year.

Mr. White's decision to resign was taken before the news of his son's suicide reached him, but it is believed that the son's death renders Mr. White's decision irrevocable. Mr. White is at present staying at Sassnitz, island of Ruegen, in the Baltic. Horace White of Syracuse cabled to Secretary Jackson the news of the death of Frederick D. White, but did not say he had committed suicide. Mr. White is greatly shocked and nervously depressed at the death of his son. Mrs. White, therefore, fearing the result upon her husband, has thus far withheld the news of their son's suicide, intending to gently break it to Mr. White. Telegrams of sympathy are being sent from Berlin to Sassnitz, one of the first being from Baron Von Rittchen, the German minister.

Secretary Hay Returns.

Washington, July 9.—Secretary Hay has returned to Washington from his New Hampshire home. He was driven directly to the department and was closeted with Acting Secretary Hill and Secretary Adee. The new Turkish minister, Chekib Bey, called in company with All Ferrough Bey, the retiring minister. The new minister must await until a later date to be presented at the White House, owing to the president's absence, but he will from now on exercise all the functions of a minister as a matter of courtesy. It is believed the business which calls Secretary Hay to Washington is principally personal in character and that he will not be obliged to remain here beyond this week.

Clay Evans as Comptroller.

Washington, July 9.—There is a general feeling in official circles in Washington that the resignation of Comptroller Dawes has presented a solution of the controversy regarding the continuance of Commissioner Evans at the head of the pension bureau. An impression prevails that the president has already determined to appoint Mr. Evans to be comptroller of the currency. This would be in the nature of a promotion, for the salary is more and the term of office longer.

Army Appointments.

Washington, July 9.—The president has made the following appointments: Colonel of infantry, John W. Bubb; lieutenant colonel of infantry, John J. O'Connell, John W. Hannay; major of infantry, William A. Mann, Millard F. Waltz, Edwin F. Glenn, George R. Cecil, John H. H. Peshine; captain of infantry, Isaac Newell, George H. Shelton, Herschel Tapes, Cecil Wynn Hamilton, Harry F. Rethers, William B. Cochran, Alga P. Berry; captain of cavalry, Herbert A. White, Harry La T. Cavanaugh, Nathan K. Averill.

Captain Sigbee's Illness.

Washington, July 9.—A letter received at the navy department states that Captain Charles D. Sigbee, chief intelligence officer of the navy, who is suffering with erysipelas of the face at Hampstead, L. I., is not regarded as being in a dangerous condition.

Ellis Glenn Trial.

Parkersburg, W. Va., July 9.—The Ellis Glenn trial has begun in earnest. E. J. Byers, of Williamstown, identified beyond doubt the person before the bar as Bert Glenn, who boarded at his house during 1896, as a real estate and mortgage dealer. He had apartments with his son and occupied the same bed for a year. Always supposed Glenn to be a man and treated her accordingly. Miss Glenn is dressed in black with heavy veil over her face.

Explosion at an Oil Works.

New York, July 9.—An explosion occurred at Pratt's oil works in Tenth avenue, Williamsburg, and five men were seriously injured. The explosion occurred in a still used for refining oil. The two men whose injuries will probably prove fatal were the firemen of the still. The fire department had little difficulty in extinguishing the fire.

Jewelry store of S. Solomon, Deadwood, S. D., robbed by burglars of \$5,000 worth of gems.

STEEL WORKERS' STRIKE.

Amicable Settlement Expected at the Coming Conference.

Pittsburg, July 9.—A more hopeful atmosphere pervaded the headquarters of both the steel combine and the Amalgamated association. As the result of the preliminary conference between President Shaffer of the Amalgamated association, and Warner Arms, representing the combine's interests, the Wellsville trouble which threatened to undo all that had been done toward effecting a peaceable settlement of the strike, was not referred to and everything pointed to an amicable adjustment of all differences at the general conference arranged for next Thursday in this city.

President Shaffer said he considered the questions to be considered at the conference to be most grave, and for that reason he thought it best to call the general executive board, composed of the highest officers of the association, instead of consulting with the conferees who usually meet to consider such questions. This board has only been called together once before, and that was during the trouble at the Woods plant at McKeesport, last April.

Japanese In Control.

Vancouver, B. C., July 9.—The Japanese are now in control of Fraser river. They won the fight through clever tactics. About 3,000 Japanese spent the night in fishing. The union men organized patrol boats manned by armed whites and natives. The Japanese, however, had a good patrol comprising a much larger number of boats including the largest and widest fishing boats in the river, whereas the union boats had each only half that number. Whenever a union patrol boat went near the fishing grounds several of the Japanese patrol approached the boat, surrounded it and simply overawed the strikers by force.

Meeting of Liberals.

London, July 9.—The much discussed meeting of Liberals, called by Sir Henry Campbell-Bannerman, the Liberal leader in the house of commons, with the object of ascertaining whether he still retains the confidence of the party, was held at the Reform club and resulted in the adoption of a vote of confidence in the leader of the convention. All factions of Liberals attended. Sir Henry made a conciliatory speech. The Imperialists showed that they would not be associated with any anti-national policy, but the gathering was harmonious and seems to have resulted in a temporary clearing of the air.

Fell Into Boiling Mud.

Helena, Mont., July 9.—Reports received here from Mammoth Hot Springs, Yellowstone park, state that two women who fell into the boiling mud of the "Paint Pots" geyser on Yellowstone lake, are believed to be Mrs. Zabrieskie and daughter of Brooklyn, N. Y. They, with a party of tourists, entered the park by way of Montana. It was not known just how the accident occurred, but is stated the unfortunate women were probably fatally burned by the boiling ooze of the geyser, into which they fell near to their armchairs.

Wife of Ex-Governor Taylor.

Indianapolis, July 9.—Mrs. Sarah Belle Tanner Taylor, wife of William S. Taylor, ex-governor of Kentucky, but for more than a year a resident of Indianapolis, died of hemorrhage resulting from heart disease, from which she had suffered for many years. She had been ill for a number of weeks, but her death was unexpected. She was 40 years of age and was born at Morgantown, Ky. She came here a year ago last May, following her husband, who came the fall before to escape the vengeance of the Goebel followers in Kentucky.

Gomez Criticized.

Havana, July 9.—The utterances of General Maximo Gomez and T. Estrada Palma in the United States concerning the annexation of Cuba to the United States are criticized by many persons at the Cuban capital. The general understanding seems to be that the speakers referred to the distant future after the re-establishment of an independent government and after the people of Cuba have had a free opportunity to express a desire for annexation.

Lightning Started Hotel Fire.

Brunswick, Ga., July 9.—During a thunder storm the Oglethorpe hotel, leading hostelry of the city, was struck by lightning and set afire. The downpour of rain was torrential, which materially aided in controlling the fire. The hotel contained 150 rooms. It was badly damaged by fire and water, the loss amounting to \$80,000. There were no casualties.

Tromsø, Norway, July 9.—Evelyn G. Baldwin, of the Baldwin-Zeigler Arctic expedition, has arrived here. He boarded the refitted Arctic whaler America, (formerly the Esquimaux), on which he will make his headquarters, where preparations for the trip are proceeding apace.

PILED UP A BAD WRECK

Express on the Lake Shore Ditched by Collision With a Freight.

HALF A DOZEN PERSONS CAUGHT.

Engineer and a Mail Clerk Fatally Crushed and the Others Badly Hurt—Cause of the Accident and the Damage Done.

Nottingham, O., July 9.—One of the worst wrecks on Lake Shore road in years occurred in the center of this village, 10 miles east of Cleveland. The Southwestern limited on the Big Four was ditched through collision with a portion of a freight train. Just what caused the wreck is not definitely known, but it is thought a portion of a freight train that had broken in two had rolled onto the passenger tracks. No passengers were killed.

The dead are: Frank Anderson, engineer of the passenger train, of Buffalo; O. G. McCullen, of Cincinnati, mail clerk. The injured: William Elliott, of Buffalo, fireman of passenger train, probably will die; W. M. Baker, of Columbus, mail clerk, injured on head and body, not serious; E. F. Loveless, Cincinnati, mail clerk, slight; two unknown tramps, badly hurt.

The shock to the passenger coaches was terrific, and although the occupants were badly shaken up, no passenger was hurt. When the front end of the engine plowed into the ground of the gully it became disconnected from the other coaches that went over the embankment and swirled sideways, so that it pointed in the other direction. The mail car crashed into the tender, surrounding it completely. The engineer met his death by being pinned under his engine. McCullen, the mail clerk, was crushed between the side of the car and coal tender. He was found with his head forced down between his knees. Two mail clerks, when they awoke to their condition, were able to extricate themselves from the wreck without assistance. At least one person is believed to be buried under the wreck. Two Nottingham doctors responded to call for assistance. The roadbed and the two tracks were torn up for quite a distance and the embankment will have to be repaired before the track can be relaid.

The Injured.

Cleveland, July 9.—Five of the men injured in the collision were brought to the Cleveland general hospital. One man, whose name is unknown, lies at the hospital unconscious. His condition is critical. I. Johnson, of Buffalo, and A. Hirtz, of this city, sustained serious injuries, but will recover. The two tramps who were riding on the freight train are also at the hospital. They sustained broken collar bones and are not seriously injured.

Reading Strike.

Reading, Pa., July 9.—Not a single Philadelphia and Reading striking employee in this city has returned to work. The men have apparently rejected the latest proposition of Acting President Welsh. It is said that at the conference, Mr. Welsh, Vice President Voorhees and the strikers' representatives and the railroad officials would give no assurance as to the basis of increase which the men might look for, thus leaving the men in a state of uncertainty. The freight handlers are still out, but the places of many of the men have been filled.

Christian Endeavor.

Cincinnati, July 9.—The time of the delegates to the Christian Endeavor convention was occupied mostly by denominational conferences. There were 26 of these rallies held in the various churches about the city and they were attended by almost all the delegates and visitors. Evangelical work was also done in the manufacturing and tenement districts.

Vessel a Total Wreck.

St. Johns, N. F., July 9.—The British steamer Duimar, from Dundee, June 29, which struck on a reef in Black Head cove during a dense fog and then went ashore at Renews on the east coast of Newfoundland, is a total wreck. She listed and sank. The captain and chief officer remained after the others, but were forced to abandon the vessel.

Italy Orders Coal.

Knoxville, Tenn., July 9.—Local companies received a joint order for 100,000 tons of east Tennessee and southeastern Kentucky coal to be exported to Venice, Italy, in the next six months. It is said to be the largest consignment of export order ever placed with southern mines.

Hay Press Destroyed.

Kansas City, July 9.—Fire destroyed the foundry of the Kansas Hay Press company. Loss \$100,000, partially insured.

SOME newspapers are still harping on the "Goebel gang" as an offense to the people. We submit that Taylor must consider himself offensive to the great body of the people of Kentucky by the persistency with which he keeps away from them.

KANSAS farmers will lose \$100,000,000 because of the drouth, which has practically ruined the corn, oat and other crops. In two-thirds of the State corn is a total failure. But don't get uneasy. Kansas is only a small section of this big country of ours, and there will be a plenty of hog and hominy for all of us.

EX-CONGRESSMAN WILSON, of the Eleventh district, has been in Boston interesting some capitalists of that city in Kentucky mineral lands. He thinks Kentucky will one day be numbered among the richest States in the Union. She's already one of the richest in the union; our riches are undeveloped yet.

A POINTER.

Messrs. R. E. Vickers, J. R. LeSage and H. A. Strandenburg, of Huntington, W. Va., were registered at the Central Hotel Tuesday and last night. They represent a company just organized to build a new water plant at Huntington, and were here inspecting the Maysville water plant. They left this morning for Newport and Louisville.

The move to erect new water works at Huntington is a result of the disastrous fire there last week. When the fire broke out it was found that the water mains had become clogged with mud, and the fire department was powerless to fight the flames. The shutting off of the water supply was due to the negligence of the company, and as a result their plant may be rendered practically valueless by the erection of a new plant. It would serve the owners just right if this should be the outcome. A company that supplies the people of a city with water for domestic use and for protection from fires forfeits all claims to patronage when by its negligence the supply is cut off, thus causing the greatest inconvenience to the people, as well as endangering the property of the entire city.

There is a valuable pointer in the Huntington case for the owners of the Maysville water works. Better flush the mains and keep them clean.

The Huntington company may not only have its plant rendered valueless by the erection of a new plant, but it will likely have to fight several big damage suits filed by the people whose property was destroyed.

STATE ELECTION BOARD.

Commissions Issued to Hon. C. B. Poyntz and Judge J. C. Wright.

Gov. Beckham has issued commissions to Hon. Charles B. Poyntz, of this city, and James C. Wright, of Newport, as State Election Commissioners for Kentucky, to represent the dominant political parties in carrying out the provisions of the election law enacted at the last session of the General Assembly.

Appellate Court Clerk Sam J. Shackelford is the third member of the commission and its Chairman.

Mr. Poyntz was selected by the State Central Committee of the Democratic party, and Mr. Wright by the Republican State Central Committee.

River News.

The river is lower now than for several months.

The Urania and Keystone State are due down this evening and Stanley tonight. Up to-night, Bonanza for Pomeroy.

The towboat Joseph B. Williams left New Orleans Monday for Pittsburg with an empty tow of forty-two coalboats, and it will be the largest tow ever handled up stream by any towboat on the Mississippi. The Williams also had on leaving New Orleans several fuel boats beside her empty tow of forty-two coalboats.

New and second hand grain bags cheap—Winter & Everett.

A Poor Millionaire

Lately starved in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25c. Money back if not satisfied. Sold by J. Jas. Wood & Son, druggists.

NEIGHBORHOOD NEWS.

Items of Interest Contributed by Our Country Correspondents.

ORANGEBURG, July 9th.—Ab. Cooper, a prominent and popular farmer, is recovering from a severe attack of pneumonia.

Marina Collis, our quite unassuming merchant, is the happy father of a bouncing baby boy, who arrived Sunday evening.

Mr. Cropper, a time expired soldier, from Mindanao, Philippine Islands, passed through Monday last, on his way to visit relatives near Mt. Carmel.

The Mt. Carmel "bus" is being painted and thoroughly overhauled for the fall and winter business.

Thos. J. Hefflin is able to be about again after a weary siege of fever and ague.

Messrs. Wilson and Grimes, accompanied by their wives and little ones, have returned from a brief but pleasant trip to Glen and Escalapia Springs.

Harvesting is the order of the day. Everybody at work contented and happy. The weather is just right.

Work on the flour mill is at a standstill pending the arrival of the machinist who is to place the machinery.

An agreeable change in the weather commencing Sunday evening. Cool and comfortable, certainly.

Miss Ida Roe returned from a pleasant visit to her relatives in the Queen City last Saturday. She was glad to exchange the din of the city for the "burg" quiet.

Rev. A. E. Ziegler was the guest of Jerome Mayhugh recently. He is a very sociable, pleasant man and a prime favorite with the children, as well as the old folks.

Dudley, colored, familiarly known as "Clerk," is making preparations to build a home on the hill side very soon.

Bob Moody, artificer in iron, has about finished his home and moved in. It is a pretty cottage, and a credit to his taste and workmanship.

Uncle Billy Roe and engineer John Duzan, overhauled the engine at their grist mill, Monday.

Uncle Dave Bullock and George Seddon are running with the machine, harvesting for the neighbors as well as themselves.

R. P. Tolle has been confined to his home for several days by sickness incidental to old age.

Dr. Bain is kept very busy at the present time attending to his many patients, but is, as usual, equal to the emergency.

Stockton Ross has not been very well during the recent hot weather, but is feeling a great deal better since the cool spell.

Miss Mayme Hefflin returned from Cincinnati with Father John McMahon and two vivacious Misses, girl friends of hers from the Queen City. Father John was not at all well, and becoming worse after a short stay, decided to return to Cincinnati.

Tobacco is looking well. Corn is growing finely. Wheat, rye and oats are more than average crops. Potatoes are first-class. Blackberries will soon be ripe and there will be a large yield.

Dr. Bain was called to see Will Stevens Sunday and found him with a badly damaged ear, in which he had to take a half dozen stitches. It seems that in driving out the pike he accidentally fell under the horse's heels and the animal stepped on his expansive auricular appendage, with the result as above stated. William solemnly avers that the next time he goes out riding he will confine his ears back of his head with a safety pin.

Mrs. Ann Lettita Hayden celebrated her seventy-sixth birthday Sunday, July 7th, 1901. She was born in Prince William County, Virginia, in the year 1825, and is a daughter of William P. Dunnington, deceased, a celebrated physician who for many years practiced in Bourbon County, Ky., having his drug store and residence in Millersburg. There were three boys in the family, William, John and James, all of whom were famous physicians. Dr. John, now deceased, married and located at Mayslick, where he built up a fine practice. His unerring judgment in diagnosing disease and skill in applying the proper remedies was a never ending source of wonder to his conferees. A physician of this State who knew him said recently: "He was one of the best doctors by far in the State; if not the best." James died at Mattoon, Ill., and William is living in Missouri. The subject of this sketch is in full possession of her faculties, is as active as a girl of sixteen and bids fair to live many years.

Mrs. Lydia Bramel, of Paris, will arrive shortly to visit friends and relatives.

Boone Phillips has returned from a visit to Washington, Mason County.

An incident occurred at a "burg" home the other evening which the party most interested in, it is safe to say, does not care to have repeated. It seems that a single lady has, during the terrible torrid term, been seeking repose on the couch in the parlor. She was awakened one evening by something falling from the ceiling, striking the floor with a sound like a rubber ball. Not caring to investigate she went to sleep again and was horrified on awakening in the morning to find that she had as a room mate a six foot black snake. It is thought the reptile made an entrance into the room by climbing some vines and creeping through a window which had been lowered at the top. Be this as it may, it was promptly dispatched by pater familias, who said it wasn't the first time such a thing had occurred.

RECTORVILLE, July 8.—Tom Wood and his daughter-in-law, Mrs. Lide Wood, and son visited Mrs. Margaret Thill Wednesday night and Thursday.

Frank Wilson, of Manchester, is here on a visit to friends.

Messrs. James Cooper, G. H. Dixon and G. W. Sellers killed eight full grown minks in a brush pile near Bridgeport. They had destroyed fifty chickens for Mrs. Sellers.

Amy Hull returned home from Carmel Sunday.

Miss Julia Latham has returned to Chicago where she is in business after a pleasant visit to her parents.

Virgil Sellers, wife and baby visited her mother at Burtonville Sunday.

GERMANTOWN, July 9th.—Work was begun today on the K. of P. building. With the force they are working, some progress should be visible every day.

N. J. Power, of Flemingsburg, and Miss Bertha Kirkland, of Wedona, were pleasant guests of Miss Kirkland's cousin, Mrs. Jas. Bell, Sunday and Monday.

Mrs. Lena McKluney returned from her trip to Tennessee Saturday night. She reports a pleasant visit.

Miss Annie May Annbruster came home Saturday from a visit to friends in Newport.

The Ripley fair is being held this week in this community.

The friends of L. M. Brothers will be glad to know he is improving, with hope of recovery.

As announced, Rev. Savage was to have been here Sunday, but owing to a sprained ankle he did not arrive. Many old friends and acquaintances were sorely disappointed.

Thrashing has begun in our midst.

Mrs. Geo. Colvin has returned home from a visit to her sister near Berlin.

T. J. Curry spent Saturday and Sunday with his family here.

Mrs. J. L. Pyles, of Missouri, is visiting her parents, Rev. and Mrs. Wightman.

Remember the K. of P. moonlight fete Saturday night, July 13th, in the school house yard. Everybody come and bring somebody with you. Aid a good cause.

Ed. Sallee and family, who have been sojourning the past six months in Texas, are home again.

Rev. Sturges and family arrived home from their visit to Greenup County Friday last.

Miss Florence Armstrong is visiting Miss Gertrude Staten, of Helena.

DEKALB LODGE.

Assets Amount to Over \$40,000—Good Showing For Last Term—Pisgah Encampment's New Officers.

At last night's meeting of DeKalb Lodge No. 12, I. O. O. F., the Finance Committee presented its report for the term just closed. The total receipts for the term were \$1,566.31 and total expenditures for sick benefits &c. amounted to \$1,351.17, leaving a balance of \$215.14 for the term.

The total assets of the lodge June 30th were:

General fund.....\$22,284.10
Widows' and Orphans' fund..... 9,988.97

Quack! Quack!

Mrs. Youngwed—I can't make out, dear, how it is you have taken such a dislike to ducks lately.

Mr. Youngwed (who has just become a medico)—I find their remarks so personal.

The Trolley's Widening Field.

[Courier-Journal.]

The field of the electric railway is constantly broadening. At first confined to large cities, the trolley lines have been made the connecting links between towns and villages, and the building of interurban roads is one of the most thriving field for promoters at present. A still further movement was made along the inevitable line of progress when the Metropolitan railway established an express service over all its roads in New York City. The use of this swift and most economical means of urban transportation known will be applied to freight as heretofore to passengers, and all the indications are that the new venture will be equally as successful as the old.

The electric railway is one of the devices that are made in response to the imperative demand of increasing population. The growth of the cities made it indispensable that a safe, swift, convenient and cheap system of transportation be devised. The old style vehicles were too costly, too slow and likewise cumbered the street. The railway, with its steel roadbed and its right of way, satisfied the requirements of moving an immense number of people at the minimum cost in the minimum time and with the greatest safety and comfort. The substitution of electricity as the motive power for animals and steam was another revolution that has solved many of the most vexing problems of the crowded municipality.

On July 22nd and 23rd the C. and O. will sell round trip tickets, Maysville to Detroit, at rate of \$10.00. Return limit July 31st.

WHITE WAISTS

Dozens of them to charm you. Prices \$1 to \$3!—figures that are meaningless until you see the garments, but investigation will instantly reveal the values. White Waists made of a special soft finished India linen, the blouse front tucked, hemstitched and trimmed with lace or embroidery. Nearly every Waist has two collars, a soft and a stiff one, the newest sleeve and the long drop front band. Some of the Waists have stiff cuffs and as that is an early season style now wholly out of favor we have reduced the price. India linen is easily matched and the stiff cuff can be quickly replaced by a soft finish at the hand. Avail of the reductions and a few hours work will give you a beautiful linen blouse at a third regular price. Made of soft finished India linen variously trimmed in tucks, hemstitching, lace and embroidery and sold thus—

\$1.25 WAISTS	\$ 75
1.50 WAISTS	1.00
2.00 WAISTS	1.25
2.50 WAISTS	1.50

Cool Underwear!

MEN'S, WOMEN'S and CHILDREN'S.

(Underwear Department right side of store.)

You've got to get it somewhere—the sun won't let you wear medium weight any longer—and we'd like to sell it to you. What haven't we got in Underwear is more easily told than what we have. So many good kinds are here that we can't begin to mention them. Won't you come and see for yourself?

MEN'S Shirt and Drawers at 25c. each, and an elegant quality, too. Of course a better one at 50c., but a quarter one will do when you are short of the "half."

LADIES' Vests at 5c., 10c., 15c., 19c., 25c and 50c., and as fine a line as you will find anywhere. The 10c. one is our leader. If we sell of this one on a busy day 400 to 500 we know we are getting our share of the business.

We just received a beauty in extra size for large women. Price 15c.

Ladies' pants, lisle thread or ribbed, 25c. and 50c.

And the children are not forgotten, either. We can fit all, from the infant to the miss, and our prices are right.

CASE'S MILLIONS.

Kentucky Heirs Win Out in Their Fight For the Big Fortune.

Attorney Geo. W. Adair returned this morning from Cleveland where he spent the last three months looking after the suit of certain parties in Mason and Bracken counties to recover their interest in the big estate left by Leonard Case.

As stated a few days ago, Mr. Adair has won his suit, and is confident now of forcing a division of the fortune of over \$20,000,000.

The estate embraces over 800 pieces of real estate in Cleveland, including 514 acres of land in the city limits.

Leonard Case died in 1864, leaving one son Leonard, Jr., who died in 1880, a bachelor.

Mr. Adair's clients are descendants of Shadrack Case who lived part of his life in Mason County and who died either in this or Bracken County.

The parties opposing Mr. Adair's suit set up in their answer that his clients are not heirs and if so were barred by the statute of limitations. Judge Phillips, of the Common Pleas Court, decided otherwise however. The parties now have three months in which to take an appeal.

Mr. Adair's clients will receive about one-third of the estate when the division is made.

Trouble of a Minister.

To benefit others Rev. J. T. W. Vernon, of Hartwell, Ga., writes: "For a long time I had a running sore on my leg. I tried many remedies without benefit, until I used a bottle of Electric Bitters and a box of Bucklen's Arnica Salve, which cured me sound and well." Sores, eruptions, boils, eczema, tetter, salt rheum show impure blood. Thousands have found in Electric Bitters a grand blood purifier that absolutely cures these troubles. Satisfaction is guaranteed or money refunded by J. Jas. Wood & Son. Large bottles only 50c.

NEDDIE CONNOR.

Dr. Hord's Recent Purchase in Training For the \$6,000 Transylvania Trot at Lexington This Fall.

Dr. Hord, of Orangeburg, as heretofore announced, recently purchased Neddie Connor, a five-year-old trotting stallion, for \$5,000.

Neddie Connor has never had thorough training, but went a mile not long ago in 2:18. He will be able, it is thought, after proper training to go a mile in 2:12. It is the consensus of opinion of well-posted horsemen that he will win the stallion's record in 1902, which is, if we mistake not, 2:05.

Five thousand dollars looks like a great price to pay for perishable property, liable at any moment to be crippled or killed, but the Doctor is a business man, always on the lookout for bargains, and was offered a cool thousand profit two hours after the purchase. Neddie is now in the care of efficient trainers in Central Kentucky for the October \$6,000 Transylvania stakes. He was shown forty-one times last year and won all he went after.

It would appear that the Doctor is giving too much attention to stock, but he never lets a good thing escape, and will in future, as in the past, always be found on duty when wanted in the line of his chosen profession.

THE CROP OUTLOOK.

Tobacco Suffering From Drouth in Western Kentucky—Fair Yield of Wheat in Most Sections—Corn Growing Fast.

(Weekly Bulletin of Weather Bureau.)

Very hot weather, with local thunderstorms, prevailed during the week. In some localities in the western portion the drouth is becoming more severe, but in the central portion showers have occurred in most places.

Wheat is being threshed in the western and harvested in the central and eastern portions. A fair yield is reported except in some localities in the central portion, where the Hessian fly caused considerable damage.

Tobacco has suffered severely in the western portion from drouth and the dry weather has prevented resetting that which failed to grow, but in the central and eastern portions it is doing quite well, though the acreage is less than usual.

Corn has made a very rapid growth except in some localities in the west, where it was injured by drouth.

Oats are being cut and a fair crop is reported. Hay cutting has progressed well; the crop will be quite light in the central, but fairly good in the eastern and western portions.

Gardens and Irish potatoes are drying up in the western portion, but are good in the central and eastern portions. Apples are generally poor, but other fruits are quite promising.

Farm work is well up except in the eastern portion, where it has been delayed by rain.

Severe thunderstorms have caused considerable loss of life and damage to property in different parts of the State.

Berries and spring vegetables, Calhoun's.

Egg phosphate and all the popular soda water drinks at Ray's soda fountain.

Walter Scott and Sarah E. Perkins, colored, were granted marriage license this morning.

The C. and O.'s earnings for June showed an increase of \$35,671 compared with June, 1900.

A son of Mr. Thomas Sidells, of the county, is afflicted with a strange malady in one of his feet and will likely have to have it amputated.

To kill potato bugs, tobacco flies, worms and all insects, use the Faultless Lightning Spray or the Acme Powder Gun, (price 50 and 75 cents), with the pure Paris green which we sell at the lowest price. J. Jas. Wood & Son, druggists.

Oscar and Fleming Guy charged with aiding and abetting Sam Guy in assaulting and cutting Robert Stevens Sunday, were given a hearing in Squire Grant's Court Tuesday and held in sum of \$100 each. Sam Guy had waived examination and was held in \$200 bail.

I have a new spray which is adapted for all spraying purposes, from spraying tobacco to keeping flies off of stock. Price 75c. each. Also powder blowers for putting Paris green on dry. Paris green and other insecticides.

THOS. J. CHENOWETH.

Constable Dawson Tuesday arrested Edward J. Rectanus and placed him in jail for safe keeping. Rectanus was exhibiting signs of insanity. He claims Cincinnati as his home, and the officers there have been notified. He has papers in his possession showing that he enlisted in Com. F, First Missouri regiment, in 1898.

Gov. Beckham has extended clemency to Keene, Matt, Ben and Jeff Bevins and James Hunter, charged with killing Dick, Epp, Dave and Andy Justice and wounding Bud Justice during an election fight in Pike County last November. The evidence submitted to the Governor showed that the accused men had acted in self defense.

Hadn't Taylor been an accomplice in the assassination of Governor Goebel he would have run for Governor and would not have run to Indiana. This is so plain that a man may run and read. It isn't so plain, though, how Taylor at Washington can run granulated sugar at eighteen pounds for \$1 and Arbuckle's or Golden Rio coffee at nine pounds for \$1 and Levering at ten pounds for \$1. These are facts, however.

One of the best and most important features of the Safety Investment Co. is the fact that it furnishes to persons of small means, laborers, persons on salaries &c. a means of investing profitably a portion of their income, however small. The results are obtained by the co-operation of large numbers, and the small investor has the same proportionate profit as the large one. Besides encouraging the saving of earnings, it gives a profit on them.

The best way to chop an onion when you want a very little is to simply peel it down, take off a slice, cut it across one way, then the other way, and it comes off in little squares. In this way the onion is chopped without soiling a board or chopper, says Good Housekeeping.

It Dazzles The World.

No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for consumption. It's severest tests have been on hopeless victims of consumption, pneumonia, hemorrhage, pleurisy and bronchitis, thousands of whom it has restored to perfect health. For coughs, colds, asthma, croup, hay fever, hoarseness and whooping cough it is the quickest, surest cure in the world. It is sold by J. Jas. Wood & Son who guarantee satisfaction or refund money. Large bottles 50c and \$1.00. Trial bottles free.

In Memoriam.

Miss Sadie McNutt, whose death was noticed in the BULLETIN last week, was born in Mason County, Ky., and until she was about eighteen years of age she lived in a perfect home. There was nothing but sunshine there. Then darkness hovered over that home and the grim monster took the father from that happy family and left the widowed mother to struggle for the support of a large family. Then it was Miss Sadie left that once happy home to go into the world to help her mother, and being apt, pleasant, kind, a natural artist, she soon became a milliner able to command the best of wages in Cincinnati, and thus was able to help largely in the support of the family. Whenever she visited the old home it was as a ray of sunshine. The writer often visited the family, and we never saw a frown cross that fair brow, nor heard an unkind word spoken to one of the little fatherless brothers or sisters. But death, ever abroad in the land, snatching the fairest flowers, laid his icy hand on that fair young being. She was attacked with the grip at Cincinnati about four or five weeks ago, but for a time battled against it. Then she came home. A complication of diseases set in and it was beyond the aid of the best medical skill to stay the ravages of disease, and on the glorious Fourth of July her spirit took its flight. She was in her right mind to the last, sold her sorrowing mother that she was going, gave every detail as to her funeral, requested the writer of this should write an obituary notice, bade her mother, brothers and sisters and friends farewell, straightened herself, placed her left hand across her breast, closed her eyes and fell asleep, never to awaken till that day when the grave shall give up her body immortalized. Her place on earth can never be filled.
